

## Doggylicious Cheltenham Home Boarding Agreement and Registration

**Please make sure you have read and agreed to our Terms and Conditions before completing this form.**

Welcome to Doggylicious Boarding,

Thank you for choosing Doggylicious to look after your pawfect pal for their holiday stay.

Here at Doggylicious we take the care of your dog(s) seriously. We offer a Home Boarding service, where your dog will be in a home from home environment with our two dogs Bobbie and Rosie, they will live and sleep in our home for the duration of his or her stay as one of our family. They may also be enjoying their stay with a few others, so will be making a few new pals.

As you may now know in October 2018 Defra passed a new legislation which Now means that all home boarders Must be licensed. This also has meant a lot more conditions have been put in place for the safety and welfare of your dogs and so we also need a lot more permissions and information to be able to care for them.

Please find attached the boarding form that is required to be completed in full and manual signatures are also required. These need to be returned to Doggylicious a Minimum of 2 weeks prior to your dog/s stay so they can be checked through completely and if there are any issues they can be rectified. I must stress that all information must be provided for Dog, Owner, emergency contact and vaccinations along with the permissions. If this form is not completed fully and sent back within the time frame needed or in some cases agreed unfortunately Boarding will not be able to commence. You must inform us if your bitch is likely to be coming into season during their stay. Unfortunately, if this happens your emergency contact will be contacted.

All dogs must be fully up to date with their vaccinations or have received them completed a minimum of 2 weeks prior to their stay, proof must be shown, and a copy taken for their file. We also require that dogs are covered for kennel cough, if your dog has never received this vaccine then they must have this a minimum of 3 weeks prior to their stay so they build an immunity. If you are not happy for your dog to receive this vaccine, I will require this in writing. All dogs must also be fully up to date with flea, tick and worming treatment. Failure to provide proof of your dog's vaccinations means boarding cannot commence.

All dogs **must** arrive with own collar and ID tag, Doggylicious will also attach one to say they are in our care.

Whilst in our care each dog will receive 2 walks per day for a minimum of 20 minutes and free run and play in our garden, where this is not appropriate, they will have an alternative form of enrichment, we may also use toys as a form of enrichment and stuffed kongs.

For the youngsters under the age of 1 year old, interaction with people, dogs and other animals, sounds, noises and objects will be monitored and recorded for owner's information and feedback.

We ask you bring your own dogs bedding (this can be provided by ourselves) and food. Please ensure you bring enough to cover the whole of your dog(s) stay however if you do not then we will purchase this for you, and you will be billed on collection. To help them settle in please feel free to put in a blanket, jumper etc with smells comforting to them. (Please bring bedding in a clean manner and not filthy or of a strong odour as this is in our home and all bowls and bedding must be washed and disinfected before their arrival.)

We do like to give our new pals a treat especially on a Sunday when its movie time but only feed treats if you have given the go ahead and supervise when each dog is given these. If your dog has a favourite, then please pop it in and they can have it on a special day. We look forward your pawfect pal joining us for their holiday full of love.
